Hi
The Harmony Endpoint team is Happy to share the Following Updates from November & December 2023:

Main Updates

- **Closing the year with Style** – in Q4 2023, Harmony Endpoint was named as Leader in the following Analysts reports:
  - **GigaOm Radar for Ransomware Protection** – Leading Vendor (1st Place).
  - **GigaOm Radar for Endpoint Solutions** – Leading Vendor (1st Place).
  - **Frost & Sullivan Radar for Endpoint Solutions** – Leaders.
    - LinkedIn Post.
  - **AV-Comparatives EPR Test** – Strategic Leaders.
    - LinkedIn Post.
  - **Gartner & IDC** – In January we expect 2 more reports, One from Gartner and one from IDC. Stay tuned, Great results are ahead :-)

- **DLP** – We are thrilled to announce the launch of our New Browser-Based Data Loss Prevention (DLP) EA Program, with selected customers, SEs and account managers enrolled. If you'd like to enable this for your / Customer tenant, please contact me or Adi Goldstein Harel. Please check the customer deck for more details.
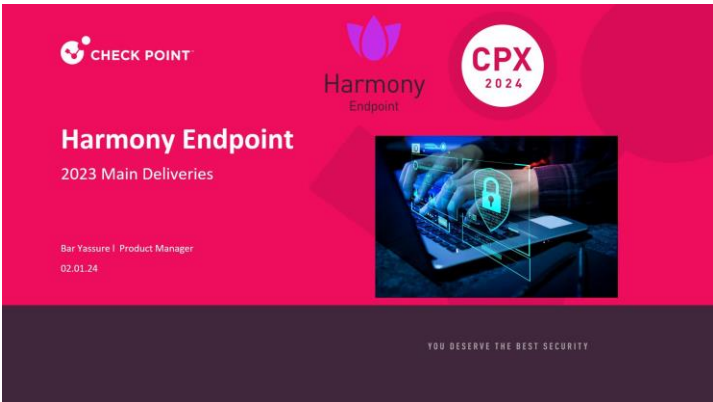

■ **2023 Summary** - Now that 2023 is behind us, we think it is a good time to summarize our great achievements in 2023. We improved our product offering, were able to increase our sales, and most importantly – customer satisfaction.
Please check the customer deck for more details.

■ **Threat Hunting Data Retention Upgrade** – We are happy to share, that our Threat Hunting Data Retention period has been upgraded to 30 days by default.
Previously the default Threat Hunting Data Retention period was 7 days.
This upgrade is free of charge, with no extra cost.

■ **New Demos** – We recently created new demos, so we could prove Value to our customers while improving the ease of use.

  o Posture Management [Demo](#)
  o Feature Tutorials – These are now an integral part of our [Admin Guide](#).
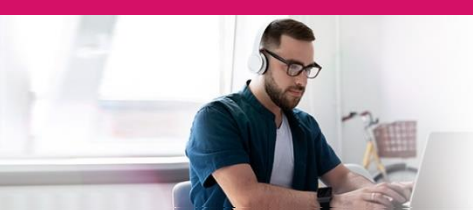

Security Client
