

# INTRODUCING

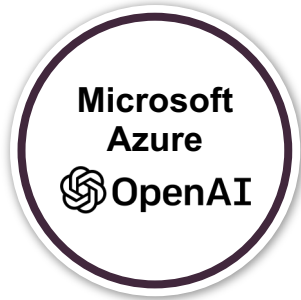

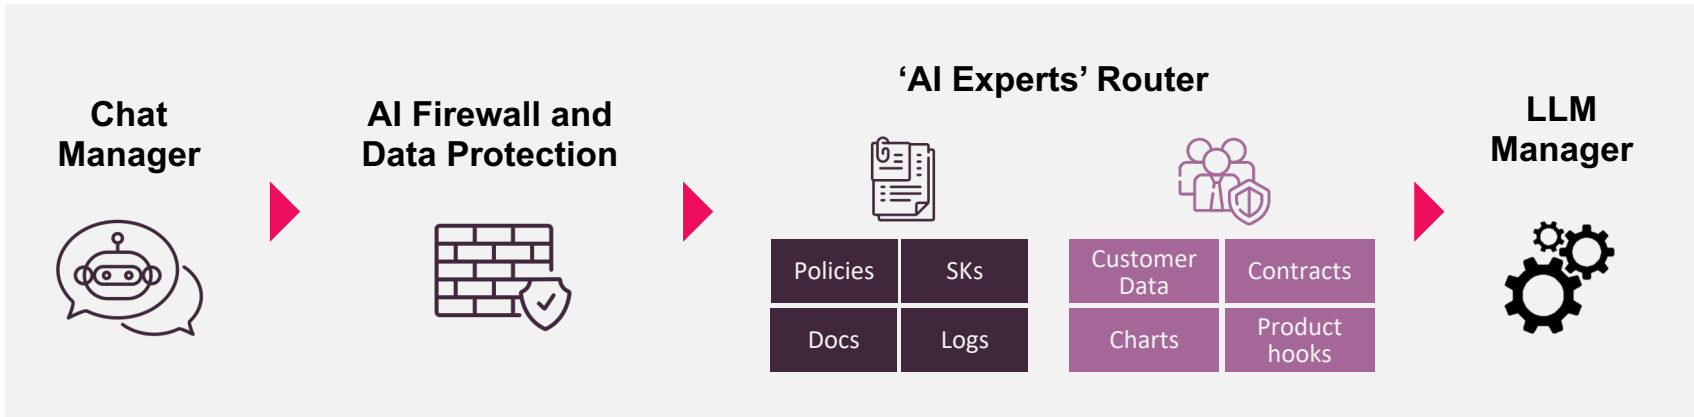

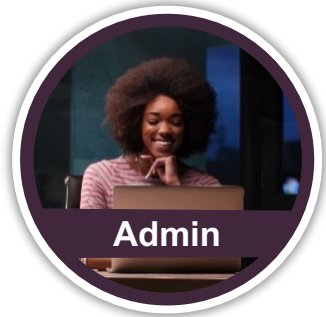

## YOUR PERSONAL GENAI SECURITY ASSISTANT

- Accelerate administration by up to 90%
- Increase effectiveness of current tools
- Improve incident mitigation and response

Comprehensive Support Across the Infinity Platform

THE ONLY COPILOT WITH PLATFORM-WIDE SUPPORT

**Maintain Complete Privacy**  
 Your logs are never shared externally - not with Microsoft Azure OpenAI or anyone else  
 Your logs are never used to train future LLM releases

# As Easy as Writing a Prompt

## Multilingual Natural Language Processing

### Network administration and troubleshooting

Tell me why John cannot access Salesforce as described in Jira ticket DEV-345?

### Security Operations

Is my network protected from CVE-2023-42793?

### Endpoint Security

Are all endpoints protected with Check Point anti-ransomware?

### Mobile Security

I need to protect the mobile devices of all our new Texas office employees. What are next steps?

### Support Center

How do I enable SSL inspection on my gateway?
